Map: Tracking the Common Core State Standards

Who Created the Common Core? Because federal law prohibits the federal government from creating national standards and tests, the Common Core project was ostensibly designed as a state effort led by the National Governors Association, the Council of Chief State School Officers, and Achieve, a private consulting firm.

The Problems with the Common Core - Rethinking Schools

The Common Core is simply a scope and sequence of what kids need to know and be able to do at various grade levels in the core subjects. I am not really sure what there is about, say, kindergarten kids being able to count to 100, read and write numbers, or do simple addition or subtraction that anyone should be “opposed to”.
